REFINED RIDING EXPERIENCE

We aim to deliver a refined riding experience that combines high quality, high performance and high safety.

POWERFUL MOTOR

Navigate any terrain with ease for you.

TTFAR GRAPHENE BATTERIES

are used in METRO Electric Scooters which have been developed after years of research and created new phase for two-wheeled electric vehicle batteries.

ADVANTAGES

- 1000 Charging Cycles
- Extended Range
- 18- Months Warranty
- Low Cost
- Recyclable
- Non-flammable

HIGH-STRENGTH FRAME

The body is constructed with premium cold-rolled structural steel and features a CAE-optimized frame. In addition, every vehicle undergoes one million vibration tests and electronic stability control identification to ensure durability.

1 MILLION TIMES

Vibraton Test Validated

BRIGHT AND SHINING PAINT FROM SWEDEN

Our electric scooters are available in multiple colours with the coat of Swedish Berker Paint, being hard-wearing, highly resistant to damage and guaranteed to look brand-new even after three years of use.
